FOLLOW STEPS 1, 2, AND 3

1. For one soil test, collect 5 soil samples by cutting a one inch hole about 6 inches deep (three inches deep for existing lawn), you should have at least one cup of soil. Do not include any dead or live plant material in the sample.
2. Complete the Soil Test Form (*on other side*). Please be as detailed as possible - the more we know, the better your recommendations will be.
3. Bring your sample to Kane County Farm Bureau 2N710 Randall Road, Saint Charles, IL. Hours: Monday - Friday 8:30 - 5:00.

Please call if you need more information 630-584-8660
